Among the Medieval walls of the Lounge Restaurant you could breathe the history, whereas on the terrace (the highest viewing terrace overlooking the city) you could enjoy the most astonishing views of Verona. Allow yourself to be tempted towards the creations of our chefs, relaxing in a timeless experience.

[Ristorante Greppia](#)

A nice place owned by a family from Verona, where mother and sons always give you a warm welcome with big smiles. They serve delicious local food in a cozy atmosphere. You really feel at home. Do not miss their handmade pasta and their "bollito misto", a dish you

could find only in Verona. All combined with a Valpolicella Ripasso produced by the winery Manara: it is an extrasensory experience.

[Antica Bottega del Vino](#)

One of the oldest and most prestigious historic locals in Italy, where you could find one of the best wine lists in Verona. The perfect place for an "aperitivo" and where you could also enjoy a special dinner, attended by an expert and smart staff. Unforgettable is their risotto with Amarone wine, one of the masterpieces in Verona cuisine.

[The Soda Jerk](#)

One of the best cocktail bar in town. In an intimate space outside of the noisy world, you could choose if you want to get comfortable in an armchair, listening to the waiters telling about their last creations or if you prefer to sit at the bar, watching them playing with bottles and glasses, busy in preparing some "medicines for the soul".

[Ristorante Tre Marchetti](#)

It is the "Opera Restaurant": between a glass of Soave and a tortellone on your fork, it will seem to you to hear some of the most famous arias and you will be transported in the magic atmosphere of the Opera world. Let the nice staff give you the best advice, according to your preferences: you will be satisfied.
